Hi Jonathon,

I remembered that the Homeless Count supply box is also going to contain t-shirts and flashlights, which would be kind of heavy for me to tote over to the CD13 office on the bus, so I've spoken with CD13's office and they said it's OK to deliver it there. I know LAHSA intends to deliver it on Friday. The office is open until 5 p.m.

1722 Sunset Blvd
Los Angeles, CA 90026
213-207-3015 (O)

Please mark it to my attention c/o Juan Fregoso.

If the \$25 gift card for incidental expenses is included in this delivery, anyone at CD13 may sign for it. Just pop it into the box.

I will be going to the office on Monday afternoon to review materials and meet with Juan about logistics.

Thank you and all best,

Sue Reimers

Hi Deployment Site Coordinators!

8 more days till the count! I sincerely cannot thank you enough for volunteering in this capacity for the 2016 Homeless Count. I truly appreciate it.

I wanted to confirm with everyone our plan for delivering supplies and picking up supplies for the Count.

Delivering Supplies:

My goal is to have everyone receive their supplies THIS FRIDAY! What would help with that is:

1. IF YOU ARE ABLE TO come to the LAHSA offices at 811 Wilshire Blvd to pick them up for your deployment site on Friday please reply to this email letting me know.
2. What time of day on Friday can supplies be dropped off. Also if the supplies need to be dropped off at different location from your deployment site, please let me know.

Please reply to this message letting me know so I can plan accordingly. (you don't need to reply all, just to me)

Hi Jonathan,

I have attached the Car map for both Rampart and Olympic Division as the dividing line for Echo Park is Sunset.

The Senior Leads for Olympic that Cover Echo Park are SLO Officer Gina Chovan and Lenning Davis.

For Rampart you will want to reach out to SLO Lewis Ford, Vic Gutierrez, Frank Garcia, and Jason Abner.

Also, we are going to request relaxed enforcement from DOT.

Please let me know if you need any more information or if there is anything else I can do to help.

Thanks so much for this Juan. I just wanted to know the special "hotspot" areas (cross streets) in Rampart that you think would be good to have a special team cover. Let me know if you get a chance.
